

Bring Your Own Device at Pymble Ladies' College

Technology is embedded within the curriculum for all students at *Pymble* from Kindergarten to Year 12, with laptops and iPads used in many different subject areas. From Year 7, students are required to bring their own laptop as part of the College's BYOT program.

We recommend purchasing your daughter's laptop through the College as the purchase includes appropriate warranty and insurance cover, plus on-site support. However, she is able to bring a device of your choice, provided that it meets the minimum specifications outlined below:

Operating System

Apple: macOS Catalina or later
Windows: Windows 10 or later
(not Windows 10S)

Memory/RAM

Minimum 8GB. 16GB is recommended

Hard Disc Drive

128GB+

Wireless Adaptor

Built-in 5 GHz Dual Band Wireless AC

Screen Size

13.3+ inch screen

Battery Life

10+ hours

Antivirus Software

Installed

Laptops can be purchased 4 months prior to commencement through the *MyPymble* BYOT Portal. The laptops meet recommended minimum hardware specifications. The price includes anti-virus protection, a carry bag and premium support. The price includes a three-year extended warranty, 3 years insurance and access to on-site repairs. Antivirus software is not automatically included – it is an optional purchase.

Please note: if you choose to supply your own device, the College is not able to provide technical assistance or support in relation to anti-virus software, warranty repairs or accidental damage, including loss or theft.
