MONSTER MAKING

On Friday Afternoon, Josie, Sophie, Maddie, Emily and Educator Kate took a trip to the Farm to drop off the food scraps for the chickens as part of the sustainability practices at ASC.

Outcome 1.1 - children feel safe and secure + supported. All the girls today felt comfortable playing with each other or working on their homework. They only felt the need to ask for an educator when they wanted them to join in a game. Many of the year 1 girls helped Lillian feel very comfortable when she had no one to play with. No child came to me in complaint of another student. -Bec

It has been so much fun at afterschool care today! I'm so glad I came!
 - Katie Boyce

WAND MAKING! PREP CRAFT

Today, very successfully the girls cut out, designed and decorated and created magic wands! We all had a lot of fun, and most girls made at least two! We had a lot of fun pretending to turn each other into different animals! - Mimi

I'm making 4! One for each person in my family! My Mum, Dad, Sister and Me!
 - Charlotte

- Main Room Craft:-
All the girls, primarily in Kindergarten, were very comfortable asking both myself and the DOE volunteer for help.

1.2.16 Monday!!

Focussing on Sub outcome!!

Suggestions

OUTCOME: 1.2 Today The Kindergarten girls showed & developed their emerging autonomy, independence, resilience and sense of agency! This was shown when they participated in a range of freely chosen play and leisure opportunities, and by ^{displaying} that they are open to new challenges and discoveries. I was also very impressed when the young girls persisted when faced with challenges and when first attempts were not successful they would not give up but would find a new way to complete the challenges! - Lexi

'I like this craft because it is colourful!'
Jessica took creative initiative with her fish, giving it a red mouth and a fin. She thought the fin was too pointy which made it look evil. She decided to cut the tip into a curve. It made the fish look more polite.
- Bec

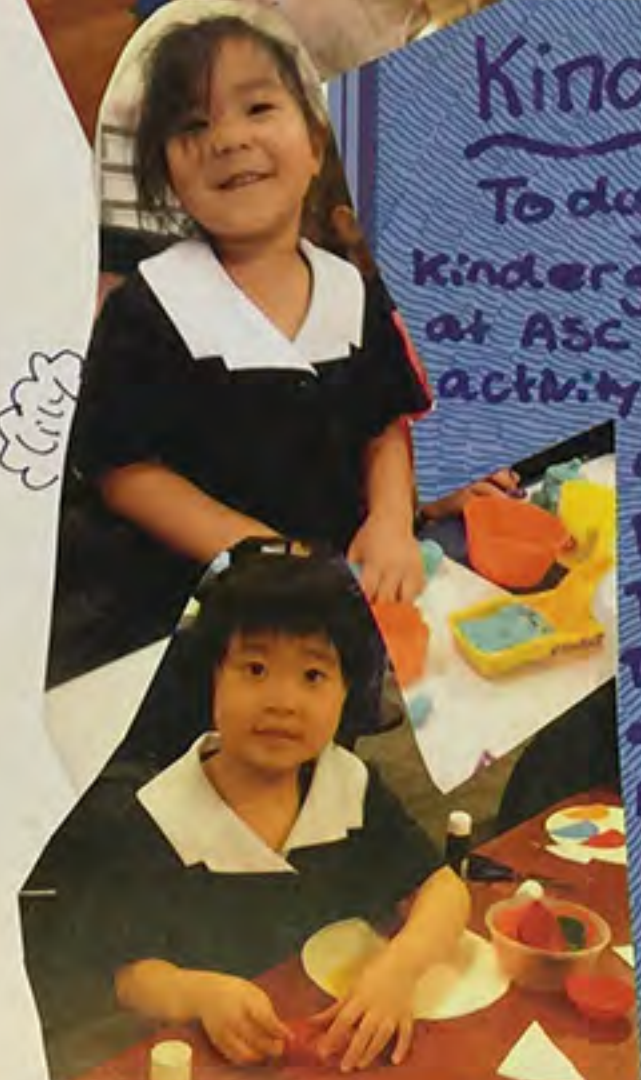

{Lahara} {Giselle} {Ashton} {Emily}

THE HALL:
THE GIRLS INVESTIGATE THE HUMAN BODY, BY PUTTING TOGETHER A SKELETON.
SPATIAL REASONING WAS USED FOR JUNGLE.
LOTS OF BUDDING SCIENTISTS & ENGINEERS!
