

## Artistic Gymnastics White Squad - Intermediate

White Squad is designed for students who show a significant natural aptitude for gymnastics. This program has been established by Gymnastics Australia to guide and develop students along a structured pathway towards an international level of gymnastics in the future, combining competitive levels alongside skills testing to monitor progress.

White Squad – Intermediate is for students wish to compete at club, invitational, State and National based events, striving towards competing at the elite level and gaining selection on the NSW State Squads for International Levels or undertaking an accelerated pathway for the National Levels program.

Students with successful skill and strength testing results will be selected to represent Pymble Ladies' College at club, invitational, State and National based events, competing in the National or International Levels Program and will also have the opportunity to gain selection onto the NSW State Squads.

Students training schedule will be developed in consultation with the Artistic Gymnastics Head Coach. Students in this program will also participate in one ballet session per week and one strength and conditioning session per week.
