

Tap (Intermediate/Advanced)

Tap dance is a form of dance characterised by a tapping sound that is created from metal plates attached to both the ball and heel of the dancer's shoe. These metal plates, when tapped against a suitable surface, create a percussive sound. The Tap classes will be a combination of old and modern tap styles challenging students with complex sequences and routines.

Students must have at least two years tap experience to enrol in this class and the teacher reserves the right to recommend Beginner Tap if it is too challenging for the student. Students must have the Tap shoes listed.
