Section I: About AIEF

The Australian Indigenous Education Foundation (AIEF) was established in 2008 in response to community demand from Indigenous families who choose to enrol their children in boarding schools.

Bringing together the government and private sector, AIEF provides scholarship funding for Indigenous students to complete Year 12 or tertiary studies, with career support to help them make a successful transition to employment.

Backed by some of Australia's most influential business, philanthropic and community leaders, AIEF has grown from one scholarship student in 2008 to now supporting over 1,200 young Indigenous people from over 400 communities in every state and territory of Australia.

AIEF exists to remove financial barriers hindering Indigenous students and their families from choosing a quality boarding school education. Under a parent and school-led model, AIEF provides co-funding to enable Indigenous students to complete their studies at an AIEF Partner School.

AIEF is a non-political and non-religious organisation that respects each individual's personal beliefs. We remain non-partisan on political, social and religious issues in order to reflect the breadth and diversity of our stakeholders and the plurality of views among them.

The AIEF Scholarship Program is a 'parent and school-led' model which means that applications, enrolment and student selection, education delivery, pastoral care, student safety, health and wellbeing are managed and led autonomously by each Partner School.

The parent and school-led model enables a direct relationship between the school and the families and communities of the students at that school. AIEF recognises that many Indigenous families want to choose a particular school for their children and they should have the ability to choose which schools they prefer and go through the same application and enrolment process as other families.

AIEF 'sits behind' the school to provide funding through a direct agreement between AIEF and the school, but is not involved in who is enrolled, how a school is run, delivery of education, pastoral care and cultural activities or the relationships with families and communities.

AIEF seeks to enable Indigenous families to make their own decisions about where they want their children to go to school, and AIEF's role is to provide financial support that enables that choice.

AIEF Scholarships also provide students with participation in the AIEF Pathways Program to help AIEF Scholarship Students make a successful transition from school to further studies or employment.

The AIEF Pathways Program aims to:

1. Prepare scholarship students for the transition to employment while they are at school.
2. Support scholarship students with one-on-one career support as they transition from education to employment and further study.
3. Check-in with Alumni and determine their Productive Engagement status, providing ongoing support as needed.

Section 2: Information

Section 1: Information covers scholarship Eligibility Criteria, how to apply and the Parent Contribution. This information is for you to keep, and should not be sent to the school with the AIEF Scholarship Application Form.

Am I eligible?

An Indigenous Boarder will only be eligible for an AIEF Scholarship if the following Eligibility Criteria are satisfied and complied with on an ongoing and continual basis:

- Be an Indigenous Australian.
- Be eligible for and in receipt of ABSTUDY.
- Be likely to successfully complete Year 12 at the Partner School with the academic, pastoral and cultural support provided by the Partner School.
- Be accepted for enrolment as an Indigenous Boarder at the Partner School.
- Not be participating in any Other Scholarship Program.
- Be enthusiastic about attending the Partner School.
- Be in financial need.
- Have parents who have demonstrated support and encouragement for the enrolment and the Scholarship.
- Have parents who have committed to making a Parent Contribution to the cost of enrolment and attendance at the Partner School.
- Have a completed AIEF Scholarship Application Form.
- Have finished the School Year at the Partner School.

The School agrees it has the appropriate resources (educational, pastoral and cultural) to support the Indigenous Boarder's likelihood to successfully complete Year 12 at the School.

What does the scholarship cover?

AIEF Scholarships enable students to attend AIEF Partner Schools by covering the cost of tuition and boarding fees less ABSTUDY and a financial contribution by their parents* (the 'Parent Contribution'). AIEF Scholarships may also cover some other educational expenses to ensure students enjoy the full range of opportunities at AIEF Partner Schools (Incidental Expenses). Some expenses are not covered by the scholarship and parents are encouraged to discuss this with the school, such as contributions to building facility and/or maintenance funds, fundraising campaigns, parent groups etc.

Items purchased for or on behalf of an AIEF Scholarship Student utilising AIEF funding are considered to be property of the school. The school can exercise absolute discretion on the management, retainment or release of purchased property at the time of Year 12 completion.

Things to consider when selecting a school

It is important to find out about all aspects of a school when considering suitability for you and your child, to ensure a positive and successful experience.

Things you might think about when considering a school include:

- Personal values and preferences for example religious denomination, and single sex or co-ed.
- Cultural considerations for example recognition of Indigenous customs and traditional law, participation in significant Indigenous events and cultural activities such as Reconciliation and NAIDOC Week, observance of cultural protocols and additional support through an Indigenous Liaison Officer (Indigenous, non-Indigenous).

** Please note that "parents" refers to the legal parent(s) or guardian(s) of the child and household as assessed by Centrelink.*

- Practical considerations for example location, access to transport and travel time to and from school.
- School specific factors for example education / extracurricular programs specific to interests, school facilities, academic outcomes and support for children with additional needs.
- Financial considerations for example additional costs or charges not covered by the AIEF Scholarship Program.

How do I apply?

1. Contact the AIEF Partner School of your choice to discuss your application.

Every AIEF Partner School has its own application process and makes its own decisions about enrolments. Schools may ask students and parents to fill out other forms as part of their scholarship application and enrolment process. If you have any questions about the AIEF Scholarship or the application process at the AIEF Partner School of your choice, please contact the school directly.

2. Complete the AIEF Scholarship Application Form.

The AIEF Scholarship Application Form is an essential part of your application and should be submitted directly to the school. Please read the scholarship conditions and Eligibility Criteria in Section 2 and ensure you understand them before filling out the form. Use the checklist on page 27 to confirm that your AIEF Scholarship Application Form is completed correctly, and ensure you keep Section 2 for future reference. If you have any questions about completing the form, please contact the AIEF Partner School of your choice directly.

3. Sign the completed AIEF Scholarship Application Form and return it to the AIEF Partner School.

Students and parents need to complete Section 4 and Section 5 including signing the individual statements on pages 17 and 25-26 agreeing to the conditions of enrolment and the scholarship, including the Parent Contribution, before returning it to the relevant AIEF Partner School.

- Applying for and ensuring that the school receives the maximum available amount of ABSTUDY each year for as long as your child is enrolled at the school.

- Complying with the school's terms and conditions of enrolment in addition to AIEF's Terms and Conditions.
- Paying full school fees and associated costs to the school if any of the above conditions or Eligibility Criteria are not met each year.

Please note, if you have questions, concerns or feedback about what happens with regards to the education or pastoral care of your child, you are encouraged to contact the school directly as they are responsible for these aspects. AIEF has not sought to position itself as an expert in education or pastoral care or an intermediary between the family and the school. We believe a direct relationship between the school and the family, as is the case for any other student, is the best approach for all concerned.

Parent Contribution

The 'Parent Contribution' is a compulsory financial contribution towards your child's educational expense that is paid directly to the AIEF Partner School. A financial contribution from parents is an important part of AIEF's program and is evidence of your support for your child attending the AIEF Partner School.

The value of this contribution is based on your combined taxable household income according to the Scale of Parent Contribution below. The Parent Contribution must be paid every year your child attends the school on an AIEF Scholarship, and the amount of the Parent Contribution may go up or down from year to year as your combined taxable household income changes. The table below outlines the minimum Parent Contribution set by AIEF, and schools may have additional costs associated with your child's attendance at the school. The Parent Contribution is paid directly to the school and payment arrangements should be discussed with the school.

Sibling discounts may apply. Please speak with the school directly if you have more than one child on an AIEF Scholarship, either at the same or a different AIEF Partner School.

As part of your application, you will be required to provide your most recent ATO Notices of Assessment and/or Centrelink Income Statements to confirm your combined taxable household income.

If your child receives means-tested ABSTUDY, household income will be substantiated each year by the amount of ABSTUDY paid to the school by Centrelink. If your child receives only basic, non-means tested ABSTUDY, you will be required to provide your most recent ATO Notices of Assessment and/or Centrelink Income Statements each year as proof of income.

If your financial circumstances change during the course of a school year, please contact the school as soon as possible to discuss your Parent Contribution.

Combined taxable household income ATO Notices of Assessment/ Centrelink Income Statement	Parent Contribution amount	
	Total (annually)	Weekly (40 weeks)
Up to \$40,000	\$400	\$10
\$40,001 – \$50,000	\$1,000	\$25
\$50,001 – \$60,000	\$1,200	\$30

\$150,001 – \$175,000	\$8,000	\$200
\$175,001 – \$200,000	\$11,200	\$280

If your household income is over \$200,000 but you have special circumstances for consideration to receive an AIEF Scholarship, please contact the school to discuss.

Enrolment conditions with the school

In addition to the Scholarship Conditions and Eligibility Criteria, an AIEF Partner School will usually have other terms and conditions of enrolment at the school. This could include things such as other costs involved in enrolling your child at the school which are not covered by the AIEF Scholarship Program or what arrangements would apply if your child is not eligible for an AIEF Scholarship at any time. It is important that you discuss these terms and conditions carefully with the school during the application process and that you understand and accept them before enrolling your child at the school.
