Do you want to contribute to your community?

Community Consultative Committees work to improve engagement on State Significant Development.

Pymble Ladies College Grey House Precinct is a State Significant Development (SSD-17424905) and as a condition of consent, a Community Consultative Committee (CCC) is to be established before the commencement of construction. The CCC will continue throughout construction and operation of the proposed development or other timeframe agreed by the Planning Secretary. Further details of the project can be found on the Department of Planning and Environment's (DPE) major projects website: www.planningportal.nsw.gov.au/major-projects/projects/pymble-ladies-college-grey-house-precinct

A Community Consultative Committee (CCC) is now to be established for Pymble Ladies College Grey House Precinct to provide a forum for open dialogue between Pymble Ladies College and representatives of the local community, stakeholder groups and local council on issues directly relating to the development of the Grey House Precinct. It is anticipated that the CCC will be convened from September 2023.

We are looking for a mix of volunteers who live or work locally, may be impacted by the project or are members of a local community or stakeholder group (for social or neighbourhood groups) to join Pymble Ladies College Community Consultative Committee*.

As a volunteer committee member, you will be expected to contribute constructively to committee discussions, attend an estimated four meetings a year, and communicate information about the project to the committee and the broader community.

If you would like to apply, please complete the nomination form on the DPE website:
